Each manager must read and sign the e-form, as there is important information about the Course, the Study Guide, and the Exam.

Once the registration form is received, accounting will invoice for the manager's attendance. We recommend using the REVIEW AND PAY feature to expedite the payment so that the manager/s can receive their Study Guide and begin preparing for the course. The Study Guide is emailed upon receipt of payment and registration form.

Every Manager in F&B, front and back of the house is required to be Food Manager Certified within 30 days of hire/promotion to manager.

Thank you again and we look forward to seeing your managers in Food Manager.
